The screenshot shows the 'Settings' app on an iPhone. At the top, the status bar displays '中華電信' (China Telecom), signal strength, Wi-Fi, time '16:56', and battery '88%'. The 'Settings' title is centered, with a 'Done' button on the right. Below the title, there are three sections: 'Account', 'Credentials', and 'Server settings'. The 'Account' section has two text input fields: 'Name:' and 'Display name:'. The 'Credentials' section has three text input fields: 'User:', 'ID:', and 'Password:'. The 'Server settings' section has a 'Use as' label and a dropdown menu currently set to 'In Office' with a right-pointing chevron.
